Solutions For Climate Displacement

The threat of climate displacement
looms large over a growing number of
countries. Based on the more than six
years of work by Displacement
Solutions in ten climate-affected
countries, academic work on
displacement and climate adaptation,
and the country-level efforts of civil
society groups in several frontline
countries, this report explores the key
contention that land will be at the core

Land Solutions for Climate

Displacement

Displacement Solutions (DS) works with climate displaced persons, communities, governments and the UN to find rights-based land solutions to climate displacement. DS also works to empower displaced people and refugees to exercise their right to return and have restored to them their original homes, lands and properties through reliance on the right to restitution.

Displacement Solutions | Land Portal

THE LAND SEEKERS Our work around the world with climate displaced communities has shown DS time and time again that land lies at the core of rights-based solutions to climate displacement. This short film contains interviews of some of the
