## Read Online Leading Global Project Teams The New Leadership Challenge

### ~~Five steps to lead a successful project team~~

Team leadership differs significantly from traditional management, just as teams differ from operational work groups. The complex project manager leads through others; it is those “others” who actually manage the project. Team leadership is more of an art than a science and is fraught with trial, error, and experience.

### ~~How to Manage the Complexities of Large, Diverse Project Teams~~

Leading a multinational project team is not easy! For many people, the first time they need to work closely with partners from different cultures and backgrounds is when they are assigned to a multicultural project team, either as a member of that team or as it’s leader. Even if language is not an issue, they [...]
