the Master ' s Program in Medical Sciences, has been developed to provide a concentrated program of study that is designed for students interested in either future doctoral or professional programs in the biomedical sciences or healthcare and education professions.

## Master's of Science in Anatomy | USF Health

A minimum of 30 graduate credit hours are required to earn a Master's degree in Anatomy. There are two master's degree plans: thesis and non-thesis. Students may pursue either plan, subject to the rules of the Graduate Studies Committee. Students may wait until the completion of the first year of study to decide if they will pursue the thesis or non-thesis master's program.
