50HP Outboard for sale | eBay

The Mercury 50 hp outboard motor is designed for powering boats over large rivers or lakes. The outboard is capable of producing 50 units of horsepower, which is beneficial to boats that are navigating water with little protection from wind. The engine's fuel induction system uses a loop charge format.

50hp 3 cylinder 2 stroke engine. After half an hour or so it lose most of its power and it is a problem to even move the boat on full gas. But on idle it runs all right and also the first half an hour engine runs great. If I dont try it in water uder load eveything seems to be ok. Before this I had carburators fixed due to gasoline leak and before I ...

Re: Mercury 2-Stroke 50 HP, RPM Question
Sounds like you have the wrong prop. I'm guessing that boat should do at least 25, probably better than 30. The speedometers are rarely accurate but if the boat struggles to hit 25 all wound up you need a prop with more pitch.
