The NEC Term Service Contract, or TSC, is part of the NEC3 and NEC4 suites of contracts (see Practice Note: NEC contracts—introduction). The NEC Term Service Contract is designed to engage a contractor for a set period of time, to manage and provide a service—this might include construction works, but can be used for the provision of other services.

NEC Term Service Short Contract | Legal Guidance | LexisNexis  
NEC3 Suite of Contracts - Overview. The NEC contract is deliberately written to formalise the requirement to carry out good practice project management systems that should assist the project teams in understanding the status of both time and cost for the lifecycle of the project. It is intended to provide mechanisms for contractors and project managers to work collaboratively, and are designed to contribute to the effectiveness of the management of the work and the understanding between ...
