This book, The SQL Guide to Ingres, is big, in fact its very big; but unlike most other books of its ilk, this one is packed from cover to cover with page after page of useful and informative facts about Ingres SQL and how to get the most out of it. Ingres' own documentation may have everything that you need to install and use Ingres, but this book helps to tie it all together and can get you up to speed much, much quicker.
